WORLD RIGHTS RESERVED

ALL-IN-ONE

Contains Endomycorrhizal Fungi

**A specialized formula of
micro- & macronutrients
for vegetables & plants**

0.5-0.5-0.5

Application Uses

All-in-One may be used indoors/outdoors with all hydroponic, NFT, drip, aeroponic, irrigation and continuous liquid feeding systems. **All-in-One** is formulated with R/O and UV sterilized water and is compatible with all fertilizer programs.

Media Uses: **All-in-One** may be used with all soil and soilless media, including Coco Coir, and is compatible with all nutrient programs. • Always check for pH and CF levels.

Directions

Shake well before using. Store in a cool, dry place. Do not store in direct sunlight. Apply **All-in-One** once or twice a week, depending on plant density/size.

Dosage Rates

Add 1-2 oz. (30-60ml) of **All-in-One** per 10 gallons (38L) of water. Do not use more than 50 concentrated gallons of this product per 1/2 (half) acre per year on your soil.

Satisfaction Guaranteed

If you are not 100% satisfied, return the UPC code along with your sales receipt for a full refund.
